

Self-Service Coffee Kiosk System — Component Diagram (Layered Architecture)

Legend (UML notation per Lab 3 handout)

- Component (rectangle, «component» stereotype, icon upper-right)
- Provided interface — ball notation (service the component offers)
- Required interface — socket notation (service the component needs)
- «use» usage dependency (dashed arrow, consumer → provided interface)

Interfaces shown (4, minimum requirement met):

- Order Interface — User Interface Component ↔ Order Manager Component
- Payment Interface — Order Manager Component ↔ Payment Service Component
- Receipt Interface — Order Manager Component ↔ Receipt Printer Component
- Database Interface — Order Manager Component ↔ Menu Database Component
